Atos Origin & BlackBerry

As BlackBerry partner of many operators and certified by RIM, Atos Origin has a proven BlackBerry service model. Atos Origin has an impressive track record with supporting BlackBerry and fully understands how important it is for our customers that installation and management for the BlackBerry is in good hands.

Along with the BlackBerry subscriptions of your operator you have a complete service that goes beyond a working technical solution.

As customer of Atos Origin you can benefit from our specialized knowledge and support on BlackBerry.

Did you ever stop to think how great it would be to reach your e-mail and calendar whilst traveling? Do you know how much time and money it costs to evaluate all the different mobile solutions on the market?

PERSONAL DIGITAL ASSISTANTS are getting more and more functions. Personnel who need to keep their e-mail and agenda up to date can likely save costs by working with the elegant Black-berry PDA solution. Atos Origin is making Blackberry's available to a limited number of its clients so that they can experience and evaluate this technology.

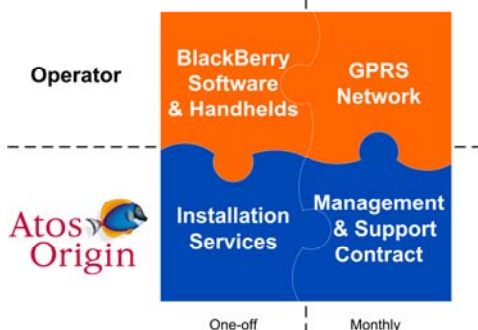

ALWAYS-ON, ALWAYS-CONNECTED
With the Blackberry you have direct access to your e-mail, agenda and

other services such as personal address book, tasks and memo's. You can even visit simple web sites to consult live information on the Internet.

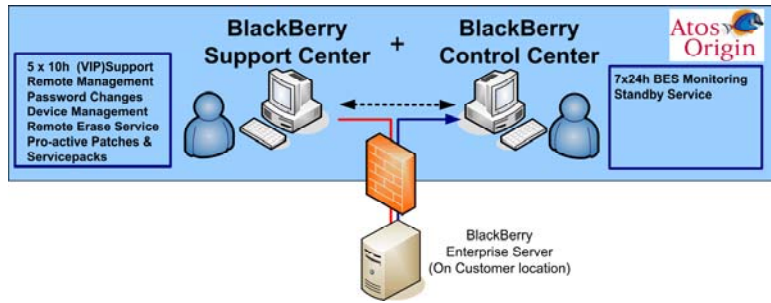

FREE TRIAL!

Try the Atos Origin Blackberry service, including 3 associated PDA's free, and unconditionally, for 4 weeks.

BlackBerry devices are available for selected customers to experience the benefits of this mobile service and to evaluate our service offering.
